# JCAT Recommendations

- Streamline & simplify the process for procuring of public and private spaces for urban agriculture initiatives.
- Create a central repository of information, training and technical support.
- Create an open accessible venue for source funding of projects.
- Assure an open, transparent, accessible, equal system of dispersal of garden spaces.

# JCAT Recommendations

- Broaden the offerings beyond vegetables to fruits, nuts and introduce a diversity of food stuffs that preserve well.
- Preservation and expansion of the agriculture territory in western Montreal. ie. The Parc Agricole du Bois-de-la-Roche.
- Use Brownfield's for above ground gardening.
- Accent must be on Citizen based initiatives.

Facilitate single balcony urban gardening.
